

24-core single-mode optical cable stranded

Overview

High-quality SC-SC single-mode (mono-mode) Loose Tube installation outdoor cable for laying in a tube above- or underground. Black multi-purpose cable with twentyfour cores, rodent protection and pulling aid on both ends. Corning ALTOS® all-dielectric gel-free cables are designed for outdoor and limited indoor use for backbones in lashed aerial and duct installations. Its dry absorbent polymers eliminate water migration in cable interstices. It has a rugged UV resistant. One solution that stands out in meeting these demands is the 24 strand single mode fiber optic cable. Designed for long-distance, high-bandwidth applications, this type of cable offers exceptional performance, durability, and scalability—making it an ideal choice for both current and future network. Corning SST-Drop™ All-Dielectric Self-Supporting (ADSS) cables offer the ease of installation of standard ALTOS cable in an easy-access, single-tube design.
