

8-way 80 distribution box

Overview

Take control of your power distribution with the 8WAY Modular Distribution Box (MS2208) – built for efficiency, safety, and reliability. Built with IP65 ABS/PC housing, lock buckle structure, and multi-ring knockouts for flexible installation. Supports integration with fuse, SPD, disconnect, or breaker for residential, commercial. Murrelektronik's passive distribution boxes provide a much more convenient method for connecting sensors and actuators to the control cabinet. It safeguards circuits against overloads/short circuits (I_{cn} 10kA) and provides 30 mA Type A earth leakage protection, ideal for pulsed DC faults. Rated 20 A, B-curve, 230-240 V, 50-60 Hz. These enclosures protect internal components, simplify circuit management, and enhance system reliability.
