

ABS Drop-resistant Distribution Box

Overview

Durable Material: Made from ABS and PC+ABS, offering wet-proof, waterproof, dustproof, and anti-aging properties. Protection level is up to IP65. All SELHOT distribution boxes are manufactured in our ISO 9001 certified facility and tested per IEC 60529 (ingress protection) and EN 60670-1. Use the tabs below to compare series, select IP ratings, and review applicable standards. Each enclosure delivers dependable IP65-IP68 sealing for outdoor and industrial use, with options for plastic waterproof distribution box housings and DIN rail waterproof electrical distribution box. IP65 waterproof & dustproof, ideal for lighting, control, and automation circuits. Equipped with DIN rail for MCBs or RCBs, plus knock-out cable entry ports. Available in various sizes and configurations. This mini distribution box serves as a termination point for feeder cables to connect with drop cables in FTTX communication network systems.
