

AOC optical cable HDMI cable

Overview

We offer a full range of fiber optic HDMI cables, including hybrid active optical and pure fiber optic options, compliant with HDMI 2. From standard to detachable connectors, ultra-thin to armored designs, our active fiber optic HDMI cables are built to be your first choice. Active Optical HDMI Cables provide high-speed, reliable and lossless transmission of audio visual signals, ensuring superior quality performance and experience in various AV setups and environments. Active Optical USB Cables enable up to 40Gbps ultra high speed over long distance to 100m without. This is a form of HDMI cable with more advanced guts, so to speak, and those guts provide some important improvements to cable functionality. What is AOC HDMI?

Active optical cable HDMI is an alternative design that enables HDMI communication. 1 bandwidth (48 Gbps) over runs up to 100 meters where passive.
