

Bhutanese ladder-type cable tray specifications manufacturer

AI Overview

Bhutanese ladder-type cable trays are available from manufacturers like Kiash Electricals, Hutaib Electricals, and Brilltech Engineers, offering durable, corrosion-resistant trays suitable for industrial and commercial applications. Key Manufacturers Kiash Electricals supplies ladder-type cable trays engineered for heavy loads, suitable for overhead or vertical installations. Their trays feature spaced rungs for easy cable placement, improved ventilation, and corrosion-resistant coatings. Materials include GI, aluminum, and powder-coated versions, with bulk availability and export-grade quality for Bhutan projects, despite being based in Kolkata, India . Hutaib Electricals has been active since 2001, producing welded and bolt-and-nut ladder cable trays. They offer finishes such as pre-galvanized (IS-277), powder-coated, painted, hot-dip galvanized, and stainless steel (SS 202/304/316). Accessories like elbows, tees, reducers, and cross pieces are also available. Tray widths range from 40mm to 1000mm, accommodating various cable sizes . Brilltech Engineers provides ladder cable trays with customizable options, durable steel construction, corrosion-resistant coatings, and pre-punched holes for easy installation. Their trays are designed to protect cables from physical damage and allow future expansion or modification. Brilltech also manufactures related electrical panels and distribution systems in Bhutan . Specifications and Features Material Options: Galvanized iron (GI), aluminum, stainless steel (SS 202/304/316), powder-coated steel. Load Capacity: Designed for heavy-duty industrial and utility applications. Design: Ladder-type with spaced rungs for ventilation and cable tie-down. Installation: Suitable for horizontal, vertical, and overhead applications; pre-punched holes for easy mounting. Corrosion Resistance: Powder-coated or galvanize...
