

Company Intelligent Distribution Box Manufacturing Trademark

AI Overview

Intelligent distribution boxes are manufactured by specialized companies such as Intelligent Distribution Ltd and Gopower, with patents and trademarks protecting their designs and technologies. Key Manufacturers Intelligent Distribution Ltd is a UK-registered company involved in the field of intelligent distribution systems, with official records available through the UK Companies House . Their operations likely include the development and supply of intelligent distribution boxes, although specific product details are not publicly listed. Gopower is a Chinese manufacturer specializing in industrial AC/DC power distribution boxes, including intelligent distribution electrical boxes. Their products integrate monitoring, control, and IoT connectivity for smart grid applications, supporting remote control, fault detection, and data communication with distribution master stations . Patents and Intellectual Property The intelligent distribution box has been patented under WO2024255014A1, which describes a system comprising multiple electrical devices, a central processing unit, PCB circuit boards, and intelligent circuit breakers. This design allows each device to independently feed back circuit data to the central processing unit, enhancing electrical safety and operational efficiency . Trademark Considerations Companies manufacturing intelligent distribution boxes can protect their brand and product names through trademarks. In the UK, trademarks are registered and managed by the Intellectual Property Office (IPO), which oversees patents, designs, and trademarks . Businesses can apply for trademarks to secure exclusive rights to their brand names, logos, or product identifiers, ensuring legal protection against unauthorized use. Summary Manufacturers: Intelligent Distribution Ltd (UK), Gopower (China) Patents: WO2024255014A1 covers intelligent distribution...
