Overview of Cable Tray Costs

The cost of a cable tray support system in Moldova varies based on several factors:

- Material:** Galvanized steel, stainless steel, and fiberglass are commonly used. Galvanized steel is generally the most affordable, while stainless steel and fiberglass are more expensive due to durability and corrosion resistance.
- Type of Tray:** Perforated trays, ladder trays, and solid-bottom trays differ in price. Perforated trays are popular for ventilation and cooling, while ladder trays are preferred for heavy-duty installations.
