

Custom Manufacturer of Galvanized Mesh Cable Trays

AI Overview

MP Husky, LONGJOY, and Spina Group are leading manufacturers of galvanized mesh cable trays. MP Husky is a prominent North American manufacturer of cable tray systems, including UL CSA NEMA-compliant wire mesh/basket cable trays made from galvanized steel. They offer a wide range of cable management solutions suitable for industrial, commercial, and nuclear applications. MP Husky emphasizes durability, high-quality construction, and compliance with international standards, making them a reliable choice for long-term installations. LONGJOY Cable Tray LONGJOY specializes in galvanized mesh or basket cable trays, also known as grid cable trays. Their products are made from high-quality steel, offering excellent ventilation, heat dissipation, and structural strength. The trays are lightweight, cost-effective, and capable of supporting up to 500 kg per meter. LONGJOY trays are designed for easy installation and maintenance, making them suitable for power transmission and industrial cable management. Spina Group Spina Group, through its Schiavetti Tekno division, manufactures galvanized wire mesh cable trays for industrial and instrumentation applications. Their trays are corrosion-resistant, mechanically robust, and available in various finishes including hot-dip galvanized. Spina Group provides a full range of accessories, connectors, and supports, ensuring flexible and safe installation. Their systems comply with European (EN) and international standards, making them suitable for demanding environments such as oil & gas, telecommunications, and food processing. Additional Options Other suppliers include Mesh and Steel, which offers galvanized cable trays with corrosion-resistant coatings, sturdy welded construction, and precision design for seamless cable routing, and Direct Industry-listed brands like CARPEL, INTERFLEX, and VALDINOX, w...
