

Customized cable trays from a Czech manufacturer

AI Overview

ARKYS and HaR Komplet are leading Czech manufacturers of cable trays, offering wire mesh, ladder, and custom electromechanical solutions. Key Czech Manufacturers ARKYS has been operating in the Czech market for over 25 years and is recognized as the largest manufacturer and supplier of wire mesh cable trays in the country. They specialize in high-quality, durable cable management solutions suitable for industrial and commercial installations, providing a wide range of sizes and configurations to meet diverse project requirements. HaR Komplet s.r.o. is another prominent Czech manufacturer, producing cable assemblies and electromechanical systems. With over 25 years of experience, HaR Komplet operates two plants in Bochoř and Zatec, supplying both small and large series production. They offer custom solutions, including prototype development, and adhere to international standards such as UL and CSA, making their products suitable for both domestic and international markets.

Product Types and Applications

Czech manufacturers provide a variety of cable tray types:

- Wire mesh trays:** Lightweight, ventilated, and easy to install, ideal for industrial and civil applications.
- Ladder trays:** Designed for medium to large cable sections, offering high load capacity and robust support.
- Custom electromechanical solutions:** Tailored to specific industrial needs, including complex installations and prototype development.

These trays are used in industrial plants, commercial buildings, energy facilities, and transport infrastructure, providing secure, organized, and ventilated pathways for electrical cables.

Advantages of Czech-Made Cable Trays

- Local manufacturing** ensures faster delivery and easier customization.
- High-quality standards** with compliance to international certifications.
- Flexibility** for both standard and large-scale projects.
- Expertise** in both...
