

Dubai-based long-span cable tray manufacturer

AI Overview

Dubai hosts several reputable manufacturers of large-span cable trays, including METAR, West Port, Unigroup, BonnGulf, and Hutaib Electricals, offering durable, customizable, and standards-compliant solutions.

Key Manufacturers

- METAR** METAR is an independent cable tray manufacturer in Dubai, specializing in steel cable trays for commercial, industrial, and infrastructure projects. They offer custom sizes, thicknesses, load ratings, and finishes including mild steel, pre-galvanized, hot-dip galvanized, and powder-coated options. Their products are engineered for structural stability, corrosion resistance, and long service life, making them suitable for large-span installations and heavy-duty applications across indoor, outdoor, and coastal environments (METAR) .
- West Port Cable Tray** West Port focuses on ladder cable trays, ideal for long-span and high-load installations. Their systems are precision-engineered for optimal cable support, heat dissipation, and structural reliability, complying with IEC 61537, BS EN, and NEMA standards. They provide straight ladders, horizontal bends, and modular designs, making them suitable for high-rise buildings, oil & gas facilities, and data centers (West Port) .
- Unigroup** Unigroup manufactures a wide range of cable trays, including perforated, ladder, wire mesh, and GRP (Glass Reinforced Polyester) systems. Their trays are designed for strength, corrosion resistance, fire safety, and ease of installation, with options for both standard and customized solutions. GRP trays are particularly lightweight and resistant to chemical environments, making them suitable for specialized industrial applications (Unigroup) .
- BonnGulf** BonnGulf offers welded and swaged ladder trays, mesh trays, trunking, and perforated trays. They emphasize ISO 9001:2008 quality control, ensuring tensile strength, dimensional accuracy, and durability. Thei...
