

Electrical distribution box export business

AI Overview

Electrical distribution boxes are widely exported globally, with China, Vietnam, and India leading in shipments, and major markets including Vietnam, Mexico, and Uzbekistan.

Global Export Overview From June 2024 to May 2025, there were 2,647 shipments of electrical distribution boxes worldwide, handled by 545 exporters to 529 buyers, reflecting a 33% growth compared to the previous year. China is the largest exporter with 2,624 shipments, followed by Vietnam (563 shipments) and India (472 shipments). Key import destinations include Vietnam, Mexico, and Uzbekistan. Export volumes can fluctuate monthly, as seen in May 2025, which recorded 138 shipments, a decline from the previous year and month (Volza).

Types of Distribution Boxes Exported electrical distribution boxes include indoor and outdoor cabinets, street cabinets, and specialized panels for industrial or civil applications. Examples include: DC-132 distribution cabinets for external installation of electrical equipment, typically shipped in quantities of 10–20 units per pallet (Cybex). Distribution panels with protection levels like IP55, rated for 85–300V AC, commonly used in industrial or civil installations (Volza). Junction boxes for control or distribution purposes, including shielded variants for sensitive applications (Volza).

Export Data and Trade Intelligence For businesses looking to export or source electrical distribution boxes, platforms like Volza and Cybex Exim Solutions provide detailed trade intelligence. These platforms offer:

- Verified exporter and importer contacts
- HS code classification
- Shipment values (FOB/CIF)
- Quantity and packaging details
