

Estonian Butterfly-shaped Optical Cable Factory

Overview

For 20 years, Orbis Oy has been manufacturing customized telecom cable assemblies in Saue, Estonia. In March 2019, an agreement was signed to build a new property for Orbis' production. This year, Orbis Oy, a Finnish family business, celebrates its 70th anniversary. The production site in Tallinn, Estonia, is at the forefront of assembly, proudly standing as the largest fiber optic termination facility in the Baltic and Scandinavia. Our fibre optic cables are produced at our factory in Oulu. The company specializes in manufacturing fiber optic products and solutions for the telecommunications industry, including various types of multifibre cables. This group includes all kinds of multifibre cables, hybrid cables, ribbon cables, special solutions, etc.
