

Ethiopia Aluminum Alloy Explosion-proof Distribution Box Manufacturer

AI Overview

Ethiopia has several aluminum manufacturers capable of custom fabrication, while certified explosion-proof distribution boxes can be sourced from international suppliers like Warom. Local Aluminum Manufacturers in Ethiopia Several Ethiopian companies specialize in aluminum fabrication and could potentially produce custom explosion-proof enclosures:

- ASAL PLC:** Established in 1982, ASAL engages in importing, distributing, and constructing aluminum and glass products. They have modern workshops with Italian machinery for cutting, milling, bending, and shaping aluminum, making them capable of custom fabrication projects.
- DJ Aluminum Trading PLC:** Offers a wide range of aluminum alloys, including high-strength and corrosion-resistant sheets suitable for industrial applications. They provide custom metal fabrication and composite panels, which could be adapted for electrical enclosures.
- Other notable manufacturers:** Companies like ALFAKEB Alumiiniyem and Metal Product P.L.C, EK Metal Aluminium and Woodwork, and SADOR Aluminum Technics PLC provide aluminum products and custom fabrication services in Ethiopia. These local manufacturers can supply aluminum alloy sheets and fabricate enclosures, but for explosion-proof certification, additional design and testing may be required.

International Explosion-proof Distribution Box Suppliers For certified explosion-proof aluminum distribution boxes, international suppliers provide ready-made solutions:

- Warom Group:** Specializes in explosion-proof electrical equipment, including aluminum distribution boxes. Their products comply with IEC, ATEX, and IECEx standards and are suitable for hazardous locations such as petroleum, chemical, marine, and mining industries. They offer various series of explosion-proof enclosures, including the BHC Series made from aluminum alloys. These products...
