

F3 Secondary Distribution Box

Overview

The F3 range features the SPD1MT2 — a compact, single-module Type 2 SPD. It installs directly onto the busbar. For years, the FuseBox SPD + MCB combo was standard. The R-190 distribution box is a practical and reliable solution for safe and organized distribution of electrical power. Designed with safety and ease of use in mind, it is ideal for both residential and industrial buildings. Established in May 2017, Fujian Guozhiyun Information Technology Co, Ltd is located in Fuzhou, Fujian. ACS takes the basic idea of zone wiring and combines it with pre-cut, pre-tested cable and plug-in connectors, to provide power and telecommunication systems that can be installed under raised floors (The Intelligent Floor), or in accessible ceilings (The Intelligent Ceiling). SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS. Wieland is your. : The junction box is made of PVC flame retardant material, which is sturdy and, which can ensure long term use.
