

FC fiber optic patch cords available in stock

AI Overview

You can purchase FC fiber optic patch cords from several reputable online suppliers offering single-mode and multimode options, customizable lengths, and various connector types. Recommended Suppliers

OTSCable OTSCable offers FC-FC fiber optic patch cords suitable for single-mode (9/125) and multimode (50/125, 62.5/125) applications. They provide options for riser or plenum-rated cables and can customize cords to your specifications, including OEM/ODM services for specialized needs.

Topfiberbox Topfiberbox supplies FC to FC multimode fiber patch cables with low insertion loss, high return loss, and environmental stability. They offer customization for length, fiber diameter, and connector type, with free samples and a two-year warranty on products.

Pasternack Pasternack provides duplex FC/UPC to SC/UPC single-mode fiber patch cables with LSZH jackets. Their products are suitable for telecom, data centers, and high-precision optical systems. They offer same-day shipping and custom lengths for specific installation requirements.

Datainterfaces Datainterfaces stocks a wide range of FC fiber optic patch cords, including single-mode and multimode, simplex and duplex, with UPC or APC polished ends. They offer lengths from 0.5m to 30m and ensure each patch cord is individually tested and labeled for optical performance.

Riteoptic Riteoptic specializes in customizable FC fiber optic patch cords for enterprise networks, telecom carriers, and data centers. They provide various fiber types (G652D, G657A, OM1-OM4) and connector polish options (UPC, APC), with wholesale pricing and fast delivery.

Key Considerations When Buying

Fiber Type: Single-mode (9/125) for long-distance, multimode (50/125 or 62.5/125) for shorter distances.

Connector Type: FC connectors are threaded for secure connections; ensure compatibility with your equipment.

Polish Type: UPC (Ult...
