

Fiber optic patch cord suppliers near South Korea

AI Overview

Several South Korean companies specialize in fiber optic patch cords and related components, including Taihan Fiberoptics, LS Cable & System, Shinhan Networks, KB Photonics, and Orion Communication. Leading Manufacturers

Taihan Fiberoptics Co., Ltd. Founded in 1974, Taihan Fiberoptics is a prominent manufacturer of optical fibers and cables, offering high-performance fiber optic solutions for telecommunications, data centers, and industrial applications. They also provide specialty fiber optics tailored to specific industry needs and maintain a strong global presence.

LS Cable & System One of South Korea's largest cable manufacturers, LS Cable & System produces fiber optic cables for high-speed data transmission, submarine cables, and specialty applications. Their focus on advanced technology and sustainability makes them a key player in global fiber optic markets.

Shinhan Networks Shinhan Networks manufactures high-quality fiber optic adapters, patch cables, and other components for telecom providers, data centers, and network installers. They utilize in-house ceramic ferrules and precision manufacturing to ensure reliable performance.

KB Photonics KB Photonics specializes in fiber optic passive components, including fixed attenuators, patch cords, adapters, connectors, splitters, and couplers. They have a strong international reputation for quality and reliability.

Orion Communication Orion Communication produces a wide range of fiber optic connectors, adapters (SC, ST, FC, LC), and cable assemblies, including patch cords for CATV, telecommunication, LAN, and WAN applications. They emphasize innovation and long-term industry experience.
