

How much does an Anlu cable tray cost

AI Overview

Aluminium cable tray prices vary widely depending on material grade, size, type, and supplier, typically ranging from \$2 to \$25 per meter, with bulk orders potentially reducing costs.

Price Overview Aluminium cable trays, including Anlu brand, are lightweight, corrosion-resistant, and suitable for industrial, commercial, and infrastructure projects. Prices depend on several factors:

- Material Grade:** Commonly 5052 or 6063 aluminium, offering strength with low weight.
- Tray Type:** Ladder trays, perforated trays, and solid-bottom trays differ in cost; ladder trays are more expensive due to higher load capacity.
- Size and Dimensions:** Width, height, and length of the tray affect pricing. Larger trays or higher load ratings cost more.
- Surface Finish:** Powder-coated or anodized trays are pricier than plain aluminium, while hot-dip galvanization is not typically applied to aluminium.

The average market price per meter ranges from \$2 to \$25, depending on the above factors. Bulk orders or project-specific procurement can significantly reduce the per-meter cost.

How to Obtain Anlu Cable Tray Prices

- Direct Supplier Inquiry:** Platforms like Aajjo allow you to submit a detailed inquiry including quantity, tray type, and location to receive quotes from multiple suppliers.
- Local Distributors:** Contacting regional distributors or authorised Anlu dealers can provide updated pricing, delivery options, and stock availability.
- Price Lists:** Some suppliers provide downloadable price lists for couplers, trays, and accessories, which can help estimate total project costs.

Additional Considerations

- Shipping and Delivery:** Heavier trays or long-distance shipping can increase total cost.
- Installation Costs:** Labour and mounting hardware may add to the overall project budget.
- Minimum Order Quantities:** Some suppliers require minimum orders, often 50 meters or more.

For the most accurate and up-to-date Anlu aluminium cable tray prices, it is recommended to submit a direct inquiry to suppliers with your project specifications, quantity, and delivery location to receive tailored q...
