

How much does an Israeli industrial-grade switch cost

Overview

The answer is divided: a simple home switch with 5 ports will cost around 70-120 shekels. If you're looking for something for a business with 24 ports, PoE (which transmits power to cameras), and smart management – the price can climb to around 800 to 2,500 shekels and more . How much do network switches cost today?

Many ask how much network switches cost or look for special prices online. Enjoy advanced features, durable construction, and competitive prices for your projects. Ethernity Networks specializes in advanced networking solutions, offering a range of FPGA-based products, including their ENET Switch Router FP, designed to enhance network performance and adaptability in telecom, cloud, and enterprise environments. Ruijie offers next-generation industrial Ethernet switches designed for harsh industrial environments, providing flexible full-gigabit access as well as 10GE uplink ports, and supporting a wide operating temperature range and surge protection. Medium Voltage (MV) refers to distribution systems operating between 1 kV and 72 kV.

Article Content

What is the typical cost of industrial-grade switches?
