

Htp5510 optical module

Overview

The HPE 5510 2 - port QSFP+ Module is an essential component for enhancing your network's performance. This expansion module supports 40 Gigabit Ethernet technology, allowing for rapid data transfer rates of up to 40Gbps over compatible network cables. Shipping calculated at checkout. 2-port 40GbE QSFP module for use with selected HPE FlexNetwork 5510 HI switches
Brand Name: HPE
Ethernet Technology: 40 Gigabit Ethernet
Media Type Supported: Optical Fiber
Network Technology: 40GBase-X
Product Type: Expansion Module
Additional Product Specifications
Full Product Specifications: [Click to](#). Product Availability: In Stock! This item is in stock and will ship as soon as possible. **READY TO BUY?**

Our certified experts can help you find low-cost, high-quality transceivers, DACs, AOCs, and passive solutions, including both OEM and compatible options. Find millions of products on Neobits.
