

Hungarian aluminum alloy cable tray manufacturer

AI Overview

Emtron KFT and Brilltech Engineers are notable suppliers of cable tray systems in Hungary, offering a range of solutions including aluminum alloy trays. Emtron KFT is a Hungarian company providing comprehensive cable tray systems and electrical materials for industrial and construction projects. They act as a distributor for BAKS trays and offer sales and technical support in multiple languages, including Hungarian and English. Their product range includes ladder trays, perforated trays, and other cable management solutions suitable for various industrial applications (Emtron KFT). Brilltech Engineers Pvt. Ltd Brilltech Engineers operates in Hungary as a trusted manufacturer and supplier of cable trays. They offer customized solutions for residential, commercial, and industrial sectors, including aluminum cable trays, ladder trays, PVC trays, mild steel trays, and perforated trays. Their in-house manufacturing facility ensures quality control and the ability to deliver tailored solutions for specific project requirements. They also provide after-sale support and timely delivery (Cable Tray Manufacturers in Hungary). Aluminum Cable Tray Features Aluminum alloy cable trays are lighter than steel, making them easier to install while maintaining strength and durability. They are often certified to CSA, UL, and NEMA standards, ensuring compliance with safety and performance requirements. Aluminum trays are ideal for applications where weight reduction, corrosion resistance, and ease of installation are important (MP Husky). Additional Considerations When selecting a manufacturer in Hungary, consider: Project requirements: Load capacity, tray type (ladder, perforated, solid bottom), and environmental conditions. Certifications: UL, CSA, or NEMA compliance for safety and quality assurance. Customization: Ability to provide tailored solutions for specific ca...
