

Iceland ODM Micro Module IP68

Overview

All models meet with IP68 waterproof standard. The LED module works at both 100°C boiling water and -40 °C refrigerator, very good solution for both hot and cold regions. No extra cooling or heating system is needed during the working period. A completed solution with both front. IP stands for Ingress Protection (also sometimes called Ingress Rating or Ingress Level), defined under the IEC 60529 standard. The "IP" is followed by two digits (sometimes extended with letters), denoting protection levels against solid ingress (dust, particulates) and liquid ingress (water. Alibaba offers 518 Led Modul Ip68 Suppliers, and Led Modul Ip68 Manufacturers, Distributors, Factories, Companies. There are 438 OEM, 391 ODM, 111 Self Patent. Find high quality Led Modul Ip68 Suppliers on Alibaba. 175 Degree Beam Angle: A wide 175-degree beam angle provides uniform and comprehensive lighting, ideal for large advertising signs and. Omnetics' designs these connectors to meet or exceed IP68 specifications. Find a solution that'll meet the demands of being in a harsh environment. Do you not see what you're looking for?

Call our Sales Rep or Omnetics direct and we will work with you to optimize your design. 67mm Size is 320mmx320mm With 48x48 dots. 67mm IP68 Outdoor LED Display module High Waterproof Dual Maintain LED screen panel with 320mmx320mm and. LoongTeck led module IP68 featured durable structure, high lumen per watt, high IP rating and IK level, long lifespan, good thermal management of led chips Multiple optical lens options, includes symetric lighting distributions includes beam angle 25°, 40°,60°,90°,and 120° (Lambertian) and.
