

Irish Aluminum Alloy Tail Fiber Channel Manufacturer

AI Overview

BIKAR Metals, AMS, and Impact Aluminium are leading Irish suppliers capable of providing aluminum alloy components suitable for tail fiber channels. Key Manufacturers and Suppliers

BIKAR Metals BIKAR Metals is a third-generation, family-owned company with over 60 years of experience in metal processing and distribution. They specialize in aluminum, copper, brass, bronze, and special alloys, offering semi-finished products, sheets, plates, rods, rings, and profiles tailored to precise specifications. BIKAR has experience supplying the aerospace industry and can provide aluminum blanks and custom-cut parts suitable for high-precision applications like tail fiber channels (BIKAR Metals) .

AMS (Architectural & Metal Systems) AMS is the only aluminum profile extruder in Ireland, specializing in aluminum extrusion, profiles, and sheet metal fabrication. They can produce custom aluminum profiles and extrusions, which are essential for structural components such as tail fiber channels in aerospace or engineering projects (AMS) .

Impact Aluminium Impact Aluminium, based in Glanmire, Co Cork, is a premier aluminum service center in Ireland. They stock aluminum bars, plates, sheets, and profiles and offer same-day cutting and next-day dispatch. Their experience with precision engineering and ability to supply materials to specialized specifications makes them a reliable partner for manufacturing aluminum alloy tail fiber channels (Impact Aluminium) .

Other Fabricators Additional Irish fabricators such as Alupress Ltd, Gunn Lennon Fabrications, and PCT Aluminium Ltd provide custom aluminum fabrication, including profiles, sheets, and structural components. These companies can also be considered for specialized or bespoke tail fiber channel production (Golden Pages) .

Considerations for Selection Material Certification: For aerospace or high-performan...
