

Italian Corrosion-Resistant Cable Tray Processing Manufacturer

AI Overview

Leading Italian manufacturers like Spina Group, FEMI-CZ, SATI Italia, and SITIE Impianti Industriali offer high-quality corrosion-resistant cable trays for industrial and infrastructure applications.

Key Manufacturers and Offerings

Spina Group (Schiavetti Tekno) Schiavetti Tekno, part of Spina Group, is a prominent Italian manufacturer of cable trays and accessories. They provide stainless steel, galvanized, and wire-mesh cable trays in various types, including closed, perforated, ladder, and wire-mesh designs. Their products are engineered for strength, corrosion resistance, and long-term performance, suitable for industrial plants, energy facilities, and infrastructure projects. Custom sizes and compatibility with Unistrut systems are available, and all products comply with European (EN) and international (UL) standards. Spina Group also offers technical design support, testing, and after-sales assistance.

FEMI-CZ FEMI-CZ specializes in customized metallic cable tray solutions for large industrial and civil installations. Their product range includes solid bottom, perforated, ladder, and mesh trays, crafted from corrosion-resistant materials. FEMI-CZ emphasizes lightweight, practical, and ventilated designs for easy installation and maintenance. They also provide solutions for the naval sector and large-scale energy, transport, and oil & gas projects, with a focus on customization and high load capacity.

SATI Italia SATI Italia manufactures robust and flexible cable carrier systems tailored for energy, construction, and automation sectors. Their modular systems allow for customization and are designed to meet international safety and quality standards, offering lightweight yet durable solutions for complex industrial projects.

SITIE Impianti Industriali SITIE produces perforated trays, solid-bottom trays, and custom designs for industrial applications. Their trays are engineered for easy maintenance...
