

KVM Switch 8 Inputs 8 Outputs

AI Overview

An 8-input, 8-output KVM switch allows a single console to control up to eight computers, supporting USB or PS/2 connections, multiple video interfaces, and hotkey or button switching for efficient multi-system management.

Overview An 8-port KVM switch enables one user to control up to eight computers from a single keyboard, monitor, and mouse setup. These devices are ideal for server rooms, IT departments, and multi-computer workstations, helping reduce cable clutter, save space, and streamline workflow.

Key Features

- Video Support:** Many models support VGA, DVI, HDMI, or DisplayPort, with resolutions up to 4K at 30 Hz or Full HD 1920x1200, depending on the switch.
- Connectivity:** Options include USB, PS/2, or mixed interfaces for keyboards and mice. Some switches also support USB peripherals like printers or drives.
- Switching Methods:** Users can switch between computers using front-panel buttons, keyboard hotkeys, or on-screen display (OSD) menus.
- Form Factor:** Available in 1U rack-mountable units for server rooms or compact desktop models for office setups.
- Expansion:** Certain models allow cascading, enabling control of up to 64 or more computers from a single console.
- Additional Features:** Some switches include password protection, auto-scan modes, and the ability to save keyboard settings or assign unique server names.

Popular Models

- Dell 8-Port KVM Switch:** Offers local access for two users, TAA compliance, and optional console bundles with LED monitors.
- D-Link DKVM-8H:** HDMI KVM switch supporting 4K resolution, hotkey switching, and included cables for easy setup.
- ATEN KH1508A:** Multi-interface Cat 5 KVM switch supporting PS/2 or USB consoles, Full HD video, and daisy-chaining up to 256 computers.
- Black Box ServSwitch EC 8-Port:** Desktop switch supporting VGA with USB or PS/2, hot-pluggable ports, auto-scan, and master-slave cascading for up to 64 servers.

Applications

- Server Management:** Centralized control of multiple servers in data centers or SMB environments.
- IT Workstations:** Efficiently...
