

Maldives Electricity Meter and Distribution Box Processing Manufacturer

AI Overview

Plankton Engineering, Inzaa Company, MECO, Multitec Maldives, and Schneider Electric Maldives are key providers of electricity meters, distribution boxes, and related electrical solutions in the Maldives. Key Manufacturers and Suppliers Plankton Engineering specializes in designing, assembling, and supplying high-quality electrical panels, including metering panels, generator control panels, high voltage panels, and VFD panels. They provide distribution panels equipped with protective circuit breakers, soft starters, MCCBs, harmonic filters, and ATS systems for seamless power transition. Plankton also supplies Indoasian and Panasonic switchgears and offers consultancy for industrial and residential power protection systems. Inzaa Company Pvt Ltd offers a wide range of electrical supplies, including circuit breakers, sockets, electrical cables, and lighting accessories. They are authorized distributors for international brands like Energeo, Leoch, Tianneng, Lecxo, Famatel, and HPL Fans. Inzaa provides prompt delivery and post-purchase support, catering to industrial, resort, and commercial projects. MECO delivers comprehensive industrial solutions, including generators, transformers, switchgear, and complete distribution networks. They focus on heavy infrastructure projects, renewable energy systems, and resilient power supply solutions, offering long-term service and technical support across the Maldives. Multitec Maldives is a mechanical and electrical company providing customized electrical solutions and equipment, including distribution systems and electrical components tailored to client requirements. Schneider Electric Maldives is a global energy management and automation specialist, offering integrated solutions for electrical distribution, smart metering, and energy efficiency across multiple sectors. Summary For electricity meters and distribution boxes in the Maldives, Plan...
