

Malta Stainless Steel Cable Tray Price Quote

AI Overview

Stainless steel cable trays in Malta typically cost between €25 and €60 per meter, depending on size, type, and supplier.

Price Overview

The cost of stainless steel cable trays varies based on tray width, height, load capacity, and design (ladder, perforated, or solid-bottom). On average:

- Small perforated trays (100–150 mm width): €25–€35 per meter
- Medium trays (200–300 mm width): €35–€50 per meter
- Large or heavy-duty trays (400 mm+ width or high load capacity): €50–€60+ per meter

Custom sizes, mesh trays, or trays with special finishes may increase the price further.

Local Suppliers in Malta

FBP Malta offers a range of cable trays, including stainless steel and mesh options, suitable for industrial and commercial installations.

RS Malta provides cable management solutions, including metal trays, though specific stainless steel pricing may require a direct quote.

BigMat Malta carries cable management products and may provide stainless steel trays upon request.

Additional Considerations

Installation costs: Professional installation may add €10–€20 per meter depending on complexity.

Accessories: Bends, junctions, and supports are usually sold separately and can add 10–20% to the total cost.

Bulk orders: Purchasing in larger quantities may reduce the per-meter price.

For the most accurate pricing, it is recommended to contact local suppliers directly with your project specifications, including tray dimensions, load requirements, and quantity. This ensures you receive a precise quote tailored to your needs.
