AI Overview

Cable tray installation in the Middle East typically ranges from \$5 to \$50 per meter, depending on material, type, and installation complexity.

Price Overview

The cost of installing roof cable trays varies significantly based on tray material, design, and environmental requirements:

- Steel trays:** \$5–\$25 per meter; durable and suitable for general-purpose installations in residential, commercial, and industrial settings.
- Aluminum trays:** \$6–\$30 per meter; lightweight and corrosion-resistant, ideal for humid, coastal, or chemically harsh environments.
