

Multimode dual-core fiber optic patch cord lcsc

Overview

Designed for high-speed, long-distance data transmission, features low insertion loss and high reliability. Model HS-LC/PC-SC/PC-2M3-3M Fiber Type Multimode Dual Core Connector Type LC-SC End Face PC Wavelength 850nm 1. Are you factory or trading company?

We have 2 big factories, one is for fiber optic cable, the other one is for communication equipments, so we can offer you high quality, factory price and. Optical Duplex patch cords with various types of connectors (ST, LC, SC) available in single-mode or multi-mode fibre version J-VH 2x1G/E. Photographs and graphics are not to scale and do not represent detailed images of the. Fiber optic patch cables are essential components for reliable, high-speed connectivity in data centers, telecom facilities, and enterprise networks. Our patch cables deliver exceptional transmission performance with minimal signal loss, making them ideal for mission-critical applications where. Multimode Patch Cables have a larger diameter core than Single-mode, allowing multiple modes of light to propagate. However far more light refraction and attenuation takes place. This means that they are used. Don't push it! this orange "engineering grade" fiber optic patch cord - th tanghu sc-sc gigabit multimode dual-core, uses 3mm thick pvc sheath + ceramic ferrule + telecommunications grade grinding process to weld the three words "stable", "worry-free", and "no rework" into the optical fiber.
