

Nan Ya Cable Tray Styles

AI Overview

Nan Ya offers a variety of cable tray styles including ladder, perforated, solid bottom, basket, and channel trays, designed for industrial and commercial cable management. Overview of Nan Ya Cable Trays Nan Ya cable trays are engineered to support and organize electrical cables efficiently, providing mechanical support while facilitating heat dissipation and easy maintenance. These trays are suitable for power, control, instrumentation, telecommunication, and fiber optic cables. Common Nan Ya Cable Tray Styles Ladder Trays Feature two side rails connected by rungs, resembling a ladder. Ideal for heavy-duty power cables and long cable runs. Provide excellent ventilation and heat dissipation. Perforated Trays Solid bottom with regular perforations for drainage and airflow. Suitable for medium-capacity cables and indoor installations. Helps prevent moisture accumulation while supporting cables securely. Solid Bottom Trays Continuous flat base with no openings. Protects sensitive cables from electromagnetic interference (EMI) and physical damage. Commonly used in data centers and laboratories. Basket (Wire Mesh) Trays Open mesh design made of welded wire. Lightweight and flexible, allowing horizontal and vertical adjustments. Ideal for communication and control cables due to versatility and ventilation. Channel Trays U-shaped or C-shaped channels for small-capacity cables. Often used in tight spaces or for routing individual cable runs. Materials and Finishes Nan Ya cable trays are available in galvanized steel, aluminum, and fiber-reinforced plastic (FRP). Finishes may include hot-dip galvanization, powder coating, or bare metal, providing corrosion resistance for indoor and outdoor applications. Accessories and Fittings To accommodate complex cable routing, Nan Ya provides elbows, tees, reducers, risers, covers, and joint connectors. These fittings ensure continuous support and proper alignment of cables along the tray system. Applications Industrial plants and factories Commercial buildings and office complex...
