

Nepal Fiber Optic Cable Splicing Service

AI Overview

Nepal offers professional fiber optic splicing services, including fusion and mechanical splicing, ODF installation, equipment sales, and technical support through specialized companies like Eman Communications, Sangken Technologies, and Technovate. Key Service Providers

Eman Communications specializes in fiber optic splicing and Optical Distribution Frame (ODF) installation. They provide both fusion splicing, which melts fibers together for minimal signal loss, and mechanical splicing, suitable for quick setups. Their services include fiber preparation, precise cleaving, alignment, splice inspection, and ODF mounting with SC APC connectors for high performance. They also offer testing and troubleshooting using OTDR and power meters to ensure network reliability .

Sangken Technologies, based in Mahalaxmasthan, Lalitpur, offers fusion splicer sales, repairs, and on-site servicing. They provide arc calibration, electrode replacement, OTDR verification, and scheduled maintenance to minimize downtime. Sangken also delivers hands-on operator training and guidance for field crews, ensuring technical excellence and reliable network operations. Their product range includes fusion splicers, cleavers, OTDRs, visual fault locators, electrodes, sleeves, patch cords, and field kits .

Technovate International Pvt. Ltd, established in 2017, provides end-to-end fiber optic solutions for ISPs and Cable TV operators. They supply high-quality telecommunication equipment imported from partner manufacturers and emphasize after-sales support, professionalism, and timely problem resolution .

Additional OptionsFor a broader selection, the Top 12 Cabling and Fibre Optics Companies in Nepal listing offers verified companies providing networking, optical fiber, and telecom solutions across regions like Lalitpur and Taplejung. These companies offer installation, maintenance, and IT networking solutions for businesses and service providers .

Contact and LocationMany of these services are concentrated in Lalitpur District, Bagmati Province, with offices accessi...
