

New Cold Aisle Cable Management System Manufacturer

Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc., acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. Armstrong aisle containment combines flexible design, strategic sourcing, and American manufacturing to deliver solutions that ensure long-term performance in a rapidly evolving digital world. Our aisle containment systems are vendor agnostic, featuring innovative, transparent panels that are lightweight and easily attached horizontally or. Cold aisle containment creates an enclosed corridor in front of server cabinets, ensuring that the coldest air goes directly into equipment intakes. Our Containment line reduces costs by up to 30% with an ultra-efficient design.

Article Content

Aisle Containment Systems From EDP Europe | Data

Improve Data Centre Airflow Management with Bespoke Aisle Containment With 35 years of operational experience, EDP designs, manufactures, and installs

Hot & Cold Aisle Containment Systems For Data

Cool Shield™ products provide customers with versatile, turnkey aisle containment systems for new or existing critical spaces. Our offerings range from a single row

AisleFrame™ Containment System

Discover Subzero Engineering's AisleFrame™ System -- a freestanding, modular containment solution for hot and cold aisle data centers.

Cold Aisle Containment | Legrand

By maintaining consistent, predictable temperatures, cold aisle containment minimizes thermal stress and reduces the risk of overheating, improving reliability and extending equipment lifespans.

Custom Hot Aisle Containment Manufacturers, OEM

Yuyao Sunpln Communication Equipment Co.,Ltd is China custom hot aisle containment manufacturers and OEM/ODM hot aisle containment suppliers, Rich

Hot vs Cold Aisle Containment: Which Datacenter Cooling Strategy Is ...

Additionally, cold aisle containment integrates seamlessly with overhead cooling systems and can be implemented with various ceiling heights, offering flexibility for different datacenter

Data Center Resources | Aisle Containment & NOC

Aisle Containment Aisle Containment Panels Aisle Containment Doors Aisle Containment Flexible Strip Curtains Cool Shield Structure Power

Aisle Containment Systems | Modular Aisle

Aisle Containment Systems Modular Hot & Cold Aisle Containment Solutions Aisle Containment offers a recognised solution to manage the thermal environments

Aisle Containment Systems for Hot & Cold Aisle Solutions

Cool Shield Aisle containment solutions reduces server row temperatures in active data centers. Learn more about the benefits of hot and cold containment.

AZE Data Center Aisle Containment Solutions

Maximize data center efficiency with Aze Telecom's aisle containment solutions. Our cold aisle containment and hot aisle containment systems improve cooling,

Aisle Containment | Modular Cleanroom & Data Center

Depending on your facility's layout, Armstrong Aisle Containment Solutions offer both Hot Aisle Containment (HAC) and Cold Aisle Containment

Aisle Containment

Our expert team will guide you to the best hot/cold aisle containment solution for your business and whether you choose CAC or HAC options, you'll benefit from

Hot & Cold Aisle Containment Systems For Data

Our aisle containment systems are designed to optimize energy use and enhance airflow management in data centers, both new and existing.

Data Center White Space & Grey Space Solutions

Our hot and cold aisle containment systems make it easier for data center teams to solve today's build challenges, such as cooling efficiency, complex site

Aisle containment | Airflow management | Eaton

Airflow management & aisle containment Aisle containment Aisle containment ceilings, walls and end of row doors are designed to help maintain optimal operating temperature in server rooms and data

Aisle Containment for IT Infrastructure

Rittal's new aisle containment line solves these problems with a modular, standards-based design that integrates easily with existing racks, cabling, HVAC, and

Aisle Containment – Racktech – World class intelligent

Aisle Containment Hot and Cold Aisle Containment Solutions Racktech is the Australian Distributor of market leading Polargy Hot and Cold Aisle Containment

Aisle containment | Airflow management | Eaton

Aisle containment ceilings, walls and end of row doors are designed to help maintain optimal operating temperature in server rooms and data centers in order to lower

Accelelevation | Custom data center containment systems

Vertically integrated manufacturer of hot aisle containment, cold aisle containment, white space structure and conveyance solutions.

Aisle Containment

Our aisle containment systems are vendor agnostic, featuring innovative, transparent panels that are lightweight and easily attached horizontally or

Aisle Containment | Vertiv Hot/Cold Aisle Containment

Adaptable to hot and cold aisle containment, the Vertiv Aisle Containment system allows you to deploy containment before or after racks are installed to simplify

Altimir – Data Center Solutions

Altimir designs, fabricates, and installs energy-efficient, custom-engineered Hot Aisle and Cold Aisle Containment Systems. Recognized for the quality of its products,

Cold Aisle Containment in Data Centers | Subzero

Cold aisle containment systems use doors at aisle ends, ceiling panels or lids above racks, and structural frames to create enclosed zones where cold supply air

Hot and Cold Aisle Containment Solution | Legrand

Effective aisle containment is critical to maintaining peak data center cooling efficiency. By creating a physical barrier between cold supply air and hot exhaust

Data Center Resources | Aisle Containment & NOC

The industry leading Cool Shield Aisle Containment Solution is the most versatile and cost effective data center aisle containment solution. Our
