

Nigerian SD-WAN device 200G

AI Overview

FortiGate 200G series and Fortigate200F are leading SD-WAN solutions available in Nigeria, offering high-performance, secure, and AI-powered networking for enterprise environments.

FortiGate 200G Series The FortiGate 200G series is a next-generation firewall (NGFW) that integrates SD-WAN capabilities with AI and machine learning for advanced threat protection . Key features include: High throughput suitable for large-scale enterprise networks. Integrated SD-WAN for optimized traffic routing and reduced latency. Advanced security including web, content, and device protection. Zero Trust Network Access (ZTNA) to control user access and reduce lateral threats. SSL inspection and ultra-fast threat detection without impacting network performance. Deployment flexibility for hybrid IT networks, supporting both on-premises and cloud environments.

Fortigate200F Nigeria The Fortigate200F is a compact, high-performance SD-WAN firewall available locally in Nigeria . Its features include: System-on-a-chip acceleration for low latency and high-speed traffic handling. Multi-WAN support with USB 3.0 connectivity for additional links. Granular application control and policy enforcement for secure traffic management. AI-powered threat intelligence from FortiGuard Labs to prevent malware and cyberattacks. Compact form factor suitable for desktop or wall mounting, with high reliability and MTBF. SSL-encrypted traffic inspection for secure communications.

Local Nigerian SD-WAN Providers Several Nigerian companies provide SD-WAN solutions tailored for local enterprise needs:

- EMOCOM Technologies:** Offers AI-powered SD-WAN with automatic traffic routing, failover protection, and support for 1000+ concurrent users. Their solutions are designed for banking, telemedicine, and IoT deployments with 99.99% uptime .
- Airtel Africa:** Provides SD-Branch solutions integrating SD-WAN, wireless LAN, and security, with unified management, malware protection, and real-time analytics .
- AnyWair (TeleWeb Services Ltd):** Licensed by the Nigerian Communi...
