

Price and dimensions of fiberglass cable trays

AI Overview

Fiberglass (FRP/GRP) cable trays typically range from \$0.65 to \$25 per meter depending on type, size, resin system, and supplier.

General Price Ranges

- Economical FRP Cable Ladders:** \$0.65 – \$3 per meter for basic perforated or solid trays, suitable for light industrial or commercial use (MOQ varies from 1 to 100 meters).
- Standard Pultruded Fiberglass Ladders:** \$3 – \$10 per meter, often used in chemical plants, offshore platforms, and water treatment facilities.
- Heavy-Duty or Custom FRP Trays:** \$10 – \$25 per meter for high-load, corrosion-resistant, or fire-retardant trays with specialized resin systems (vinyl ester or epoxy).

Accessories and Fittings: Horizontal elbows, tees, reducers, and splice connectors typically add \$5–\$15 per piece depending on size and radius.

Factors Affecting Price

- Material and Resin System:** Polyester resin is generally cheaper, while vinyl ester or epoxy systems are more expensive due to higher chemical and temperature resistance.
- Tray Type:** Ladder, perforated, solid-bottom, or channel trays vary in cost; ladder trays are more expensive but support heavier cables.
- Dimensions:** Width, depth, and length directly influence material usage and price. Standard lengths are 3–6 meters.
- Load Capacity and Durability:** Trays designed for high uniform loading or extreme environments cost more.
- Bulk Orders:** Larger quantities often reduce per-meter cost by 10–40%.
- Regional Factors:** Shipping, labor, and local market conditions can affect final pricing.

Example Supplier Pricing

- Alibaba Suppliers:** \$0.65 – \$15 per meter depending on type and MOQ.
- MP Husky:** High-strength FRP trays with polyester or vinyl ester resin, ASTM-compliant, priced around \$1–\$10 per meter depending on specifications.
- NHC FRP:** Customizable trays with high corrosion resistance and fire-retardant properties; pricing available upon inquiry, typically \$3–\$20 per meter.
- Spectrum7 Catalogue:** P...
