

Price of East Asian Trapezoidal Stainless Steel Cable Trays

AI Overview

Prices for East Asian trapezoidal stainless steel cable trays typically start around \$10–\$15 per meter, with final costs depending on size, stainless steel grade, coating, and order quantity.

Pricing Overview The cost of trapezoidal stainless steel cable trays varies widely based on material grade (SS304 or SS316), surface finish (powder-coated, epoxy-coated, or galvanized), dimensions, and customization requirements. For example, suppliers on Alibaba and Made-in-China emphasize that formal quotations require exact size and quantity specifications due to customization options. Starting prices from Indian suppliers indicate rates of approximately ₹75–₹105 per meter for standard stainless steel cable trays, which converts roughly to \$10–\$13 per meter depending on exchange rates. Premium or epoxy-coated trays from Chinese manufacturers may be slightly higher, reflecting additional surface treatment and corrosion resistance.

Factors Affecting Price

- Material Grade:** SS304 is standard, while SS316 offers higher corrosion resistance and costs more.
- Tray Dimensions:** Widths range from 50mm to 900mm, with depth variations affecting load capacity and price.
- Surface Finish:** Powder-coated or epoxy-coated trays are more expensive than plain stainless steel due to additional processing.
- Customization:** Special lengths, perforations, or structural modifications increase cost.
- Order Volume:** Bulk purchases often qualify for discounts, especially from factory-direct suppliers.

Supplier Options

- Alibaba and Made-in-China:** Offer factory-direct and OEM options with global shipping, suitable for large-scale projects.
- IndiaMART:** Provides competitive local pricing and quick response for bulk orders, with suppliers like Diya Engineering and JP Electrical offering starting prices around ₹75–₹95 per meter.
- Specialized manufacturers:** Companies like Shandong Hongfeng provide epoxy-coated trapezoi...
