

Price of Finished Cable Trays in Vertical Shafts

AI Overview

Vertical shaft cable trays typically range from ₹90 to ₹100 per meter in India, with prices varying by material, size, and supplier. Overview of Vertical Shaft Cable Trays Vertical shaft cable trays are designed to organize, support, and protect cables in multi-level buildings or industrial facilities, ensuring safe routing from floor to floor while maintaining accessibility and airflow. They are commonly made from galvanized steel, aluminum, or fiberglass, each offering different benefits: steel for high load capacity, aluminum for corrosion resistance and lightweight, and fiberglass for chemical resistance and electrical safety. Price Range India: Suppliers on IndiaMART list starting prices around ₹90–₹100 per meter for metal cable trays suitable for vertical shafts. Specific suppliers include Global Manufacturers And Traders (₹90/m), Super Cable Tray Private Limited (₹95/m), and SV Metal & Extrusions (₹100/piece). China/International: Platforms like Alibaba and Shandong Bolt Electrical Equipment provide customizable vertical cable trays, with prices depending on material, dimensions, and order quantity. Exact pricing is typically obtained by contacting suppliers directly for quotations. Factors Affecting Price Material: Steel trays are generally more expensive than aluminum or fiberglass due to higher load capacity and durability. Size and Load Rating: Wider trays or those designed for heavier cable loads cost more. Coating and Finish: Galvanized or painted trays for corrosion resistance may increase the price. Customization: Special bends, perforations, or modular designs for complex vertical shafts can affect cost. Quantity and Supplier Location: Bulk orders often reduce per-meter cost, while international shipping may add to the total price. Recommendations Request multiple quotes from suppliers to compare prices and delivery options. Consider material and environmen...
