

Price of busbar cable trays in China

AI Overview

Busbar cable trays in China typically range from \$20 to \$150 per meter, depending on material, type, and customization options.

Price Range and Factors

The cost of busbar cable trays in China varies widely based on several factors:

- Material:** Common materials include Q235 steel, stainless steel, aluminum, and FRP (fiber-reinforced plastic). Steel and aluminum trays are generally more affordable, while stainless steel and FRP options are higher-priced due to corrosion resistance and durability.
- Type:** Busbar trays come in solid trough, perforated, ladder, wire mesh, and fireproof designs. Solid troughs and fireproof trays are typically more expensive due to additional manufacturing complexity and safety certifications.
- Customization:** Customized lengths, widths, side rail heights, and surface finishes (galvanized, powder-coated, or stainless steel) can increase costs. Factory-direct or OEM orders may offer discounts for bulk purchases.
- Load Capacity and Application:** Trays designed for heavy industrial loads or outdoor corrosive environments may cost more than standard indoor trays.

Typical Cost Estimates

- Standard steel or aluminum busbar trays: \$20–\$50 per meter for basic solid or perforated types.
- Wire mesh or ladder-type trays: \$30–\$80 per meter, depending on size and finish.
- High-end stainless steel or fireproof trays: \$100–\$150 per meter, often used in critical industrial or nuclear projects.

Additional Considerations

- Bulk Orders:** Ordering in large quantities can reduce the per-meter cost significantly.
- Shipping and Import:** Exporting from China may add shipping, customs, and handling fees.
- Supplier Selection:** Verified manufacturers like Jiangsu Shilin Electric Equipment Co., Ltd. or Zhenjiang Ace Electric Group Co., Ltd. provide quality assurance and certifications such as UL, CE, SGS, and ISO.

In summary, busbar cable tray costs in China are highly dependent on material, type, and customization, with typical prices ranging from \$20 to \$150 per meter. For precise pricing, contacting manufacturers directly for quotes based on y...
