

Price quote for British European-style cable trays

AI Overview

You can obtain a price quote for British European-style cable trays by contacting suppliers like Eurostrut, ChannelandTray, or RS Components, which offer a range of heavy-duty, medium-duty, and specialized cable trays compliant with British and European standards.

Supplier Options and Product Types

Eurostrut provides industrial and marine cable trays, including distribution trays, cable routes, and NATO-type models. Quotes can be requested directly via their webshop, making it convenient for project-specific pricing . ChannelandTray specializes in heavy-duty cable trays suitable for industrial facilities, commercial buildings, data centers, and infrastructure projects. Their trays are made from high-grade stainless steel or galvanized steel, offering robust construction, corrosion resistance, and ease of installation. They provide competitive pricing and can deliver customized solutions based on your project requirements . RS Components (UK) offers a wide range of cable trays, including wire mesh, basket, single rail, stainless steel, electrogalvanized, hot-dip galvanized, and PVC options. They provide datasheets, technical support, and fast delivery, which can help in selecting the right tray and obtaining a quote for your specific needs . DirectChannel UK supplies medium-duty and heavy-duty pre-galvanized or hot-dip galvanized steel cable trays with compatible couplers and accessories. Pricing can be requested for specific lengths, widths, and load capacities .

Factors Affecting Price

Material: Stainless steel, hot-dip galvanized steel, pre-galvanized steel, or PVC. Stainless steel and HDG are more expensive but offer higher durability and corrosion resistance.

Tray Type: Wire mesh, basket, ladder, or solid perforated trays. Heavy-duty trays cost more due to higher load capacity.

Dimensions: Width, length, and height of the tray affect material usage and cost.

Accessories: Co...
