

Quantitative Spectrometer Manufacturer Direct Sales

AI Overview

Leading manufacturers like SPECTRO and Thermo Fisher Scientific offer direct sales of quantitative spectrometers for industrial, research, and laboratory applications. Key Manufacturers and Direct Sales Options SPECTRO is a global leader in analytical instruments, offering ICP-OES, ICP-MS, Arc/Spark OES, and XRF spectrometers for precise elemental analysis across industries such as metals, chemicals, pharmaceuticals, and environmental monitoring. They provide direct sales and support worldwide, with over 50,000 spectrometers installed globally, ensuring reliable and accurate results for industrial and research applications (SPECTRO). Thermo Fisher Scientific supplies a wide range of mass spectrometers, including LC-MS and GC-MS systems, designed for quantitative analysis of proteins, drug metabolites, pesticides, and other compounds. Their instruments are available for direct purchase and include integrated software for data analysis, high throughput, and precision detection down to sub-ppb levels (Thermo Fisher). Industrial Spectrometer Suppliers on platforms like DirectIndustry offer specialized instruments such as ARL X900 XRF spectrometers, FT-NIR spectrometers, and plasma mass spectrometers. These systems are optimized for process control, environmental monitoring, and real-time industrial applications, with options for direct manufacturer contact and purchase (DirectIndustry). RP Photonics Buying Guide lists over 130 suppliers of spectrometers, including optical, mass, and process monitoring instruments. This guide helps compare technical specifications, applications, and direct sales contacts for manufacturers worldwide, making it a useful resource for sourcing quantitative spectrometers (RP Photonics). Considerations for Direct Purchase Application Needs: Choose spectrometer type based on whether you need...

Article Content

Top Mass Spec Manufacturers for Lab & Research in 2025

Find trusted mass spec manufacturers for lab and research. Explore high-precision instruments, expert support, and competitive pricing. Click to discover leading suppliers with verified

Magritek | Benchtop NMR performance and quality

Founded in 2004, Magritek is the global leader in manufacturing cryogen-free benchtop Nuclear Magnetic Resonance (NMR) spectrometers for the analytical instrument market.

LC-MS, CE, and software solutions | SCIEX

Mass Spectrometers SCIEX mass spectrometers are designed to help you break new ground by pushing the limits of speed and sensitivity in quantitative and

Real-time spectrometer

Find your real-time spectrometer easily amongst the 74 products from the leading brands (Thermo Fisher, Bruker, ABB, ...) on DirectIndustry, the industry specialist for your professional purchases.

Atomic absorption spectrometers «Kvant»

ATOMIC ABSORPTION SPECTROMETER WITH FLAME ATOMIZATION "KVANT-2" The spectrometer is designed for quantitative determination of metal

Spectrometers | UV VIS NIR | Avantes

Shop Avantes spectrometers covering UV, VIS, and NIR ranges — compact, modular, and built for precision measurement.

Spectrometers – Buyer's Guide & Supplier List | RP Photonics

This buyer's guide for spectrometers provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

XRF spectrometer, X-ray spectrometer

The JSX-1000S is an X-ray fluorescence spectrometer that provides quick, easy elemental analysis using touch screen operation. It is equipped with functions for

Mass Spectrometers Manufacturers and Suppliers | GlobalSpec

Discover 127 Mass Spectrometers manufacturers and distributors on GlobalSpec. Find products, technical articles, videos, and more.

Industrial analytical instruments, buy lab equipment | SPECTRON

Production of analytical equipment for laboratories, enterprises and research teams.
Sale of analyzers and spectrometers from the manufacturer's factory, SPECTRON

Optical Emission Spectroscopy | SPECTRO Analytical

Optical emission spectroscopy using arc and spark excitation (Arc Spark OES) is the preferred method for trace metal analysis to determine the chemical composition of metallic samples. This process is

19 Mass Spectrometer Manufacturers in 2026

19 Mass Spectrometer Manufacturers in 2026 This section provides an overview for mass spectrometers as well as their applications and principles. Also, please

Nicolet™ iS50 FTIR Spectrometer

The Thermo Scientific Nicolet iS50 FTIR Spectrometer was designed to make far-IR performance trivial with a built-in ATR as well. Ultimately, if you have further

High performance OEM spectrometers

Ibsen offers a wide range of robust, athermal, industrial-grade OEM spectrometers that can be tailored to your exact needs. We are dedicated to

Spectrophotometer/ Spectrometer Manufacturer,

Spectrophotometer/ Spectrometer Supplier, Autoclave, PCR Manufacturers/ Suppliers - Chongqing Drawell Instrument Co., Ltd.

Thermo Scientific Stellar mass spectrometer

Innovative technology drives targeted quantitative productivity The Stellar mass spectrometer combines two mass analyzers, a quadrupole mass analyzer for precursor ion selection and the hyper-fast dual

Industrial spectrometer, Spectrometer for industrial applications

Find your industrial spectrometer easily amongst the 96 products from the leading brands (Thermo Fisher, ABB, X-rite, ...) on DirectIndustry, the industry specialist for your professional purchases.

Mass Spectrometry

Whether you're detecting disease biomarkers or performing forensic analysis on drugs of abuse, our mass spectrometers give you the resolution, accuracy, sensitivity, and throughput that you need to

Netherlands CROs

Explore contract research organizations (CROs) in the Netherlands, connecting you with reliable partners for clinical trials, drug development, and other research services.

Nu Instruments | Innovators in high performance mass spectrometers

Nu Instruments is a world leading manufacturer of isotopic and elemental mass spectrometry. Nu is well established in the manufacturing of MC-ICP-MS, HR-ICP-MS, IRMS, TIMS and Noble Gas

Liquid Chromatography Mass Spectrometers (LC-MS)

This mass spectrometer is trusted by thousands of labs worldwide to deliver high sensitivity quantitative data on production scale. Combined high sensitivity with the versatile power of QTRAP technology to

Mass spectrometer, MS spectrometer

Find your mass spectrometer easily amongst the 186 products from the leading brands (SPECTRO, NETZSCH, LECO, ...) on DirectIndustry, the industry specialist for your professional purchases.

Mass Spectrometry | Mass Spectrometers, Ion Sources

Whether you're focused on quantitative bioanalysis, structural characterization of biologics, environmental screening, or food safety testing, Waters delivers mass

Spectroscopy Suppliers | Spectroscopy Europe/World

Hidden Analytical celebrates 40 years of design, development and manufacture of quadrupole mass spectrometers. Our products address a diverse range of applications - precision gas analysis,
