

Recommended manufacturers for distribution box enclosures

AI Overview

Some leading manufacturers of distribution box enclosures include Schneider Electric, Rockwell Automation, Hammond Manufacturing, Rittal, and SENTOP. Key Manufacturers

Schneider Electric: A global leader in energy management and automation, Schneider Electric offers a wide range of distribution boxes and electrical enclosures suitable for industrial, commercial, and residential applications. Their products often include temperature control and connectivity options, and they emphasize sustainability and energy efficiency.

Rockwell Automation: Based in Milwaukee, WI, Rockwell Automation provides industrial automation solutions and distribution enclosures. Their AC distribution boxes are used in various sectors, including manufacturing, IT, and power management systems.

Hammond Manufacturing: A Canadian company with over a century of experience, Hammond Manufacturing produces durable electrical enclosures, racks, cabinets, and power distribution units. Their enclosures are designed to withstand harsh environments and are widely used in industrial and data communication applications.

Rittal: Known for enclosures for power distribution, IT infrastructure, and industrial automation, Rittal offers a broad range of distribution boxes and cabinets suitable for both indoor and outdoor use.

SENTOP: Recognized as a top distribution box manufacturer, SENTOP provides innovative and customizable enclosures for various electrical systems, ensuring safety and compliance with international standards.

Other notable manufacturers: Laiwo Electrical, J&HW Group, Siemens, ABB, Eaton, Legrand, NVent Hoffman, Saipwell, Youngo, and Zhejiang Benyi New Energy Co., Ltd. These companies offer a variety of enclosures, including waterproof, dustproof, and NEMA/IP-rated options, with customization available for size, material, and design.
