

San Marino Manufacturer Outdoor Wiring Box with 24 Cores

Overview

Efficiently manage and protect up to 24 optical fiber cores with the SMC 24 cores fiber optic termination box, featuring durable SMC construction, IP65-rated protection, and versatile wall or pole mounting for seamless indoor and outdoor installations. In Residential Electrical Equipment, From cables, wires, and connectors to switchgear, transformers, and control systems, we have a comprehensive catalog of electrical equipment solutions that cater to diverse needs and specifications. The FTTH outdoor termination box is made of high quality ABS, anti-collision, flame retardant, resistance to. 24 Port Fiber Distribution Box with dual layer design separate the splicing working area. It greatly reduce the time for wiring management for field installer. The cable entries (inlets) are loaded with PG16 IP68 rated gland to protect the optical cables and transmission performance. 24 Port Fiber. LARGE CAPACITY STORAGE: The Optical Fiber Splice Box is designed to neatly store fiber connectors and remaining fibers. The storage disc capacity can be adjusted according to the number of cores connected by the optical cable, allowing up to four layers of space for efficient organization ROBUST. Wide Application: This fiber enclosure is designed for overhead, pipeline, direct burial and branch connection applications, providing reliable protection for various structured optical fiber cables.
