

Supplier of Flame-Retardant Fiberglass Cable Trays

AI Overview

Flame-retardant fiberglass cable trays are available from multiple specialized suppliers, including MP Husky, SV Composites, Uniflex, Creative Composites Group, and global distributors on Alibaba. Key Suppliers and Offerings

MP Husky offers fiberglass cable tray systems designed for harsh environments such as offshore oil and gas. Their trays are made with polyester or vinylester resins, meet ASTM E-84 Class 1 flame rating, and are self-extinguishing per ASTM D-635. They are lightweight, corrosion-resistant, non-conductive, and non-magnetic, making them suitable for industrial and laboratory applications.

SV Composites & Engineering provides premium FRP cable trays that are flame retardant, UV-stabilized, and ideal for chemical plants, coastal installations, and power stations. Their trays are lightweight, corrosion-resistant, and electrically insulating, suitable for both indoor and outdoor installations.

Uniflex Inc. manufactures fiberglass cable trays with the load capacity of steel while maintaining non-conductive and non-magnetic properties. Their products meet ASTM E-84 Class 1 flame rating and are self-extinguishing. They offer custom shapes, sizes, and resin systems for specialized industrial applications.

Creative Composites Group produces Enduro FRP cable trays designed for extreme conditions, including offshore platforms, chemical plants, and refineries. Their trays are highly durable, corrosion-resistant, and impact-resistant, providing a strong alternative to steel or aluminum in harsh environments.

Alibaba lists over 600 suppliers and manufacturers of fiberglass cable trays, offering a wide range of OEM, ODM, and custom options. This platform is useful for sourcing bulk orders or exploring international suppliers.

Considerations When Choosing a Supplier

Flame Retardancy: Ensure compliance with ASTM E-84 Class 1 or equivalent standards.

Resin Type: Pol...
