

Swedish Large-Span Cable Tray Manufacturer

AI Overview

Sweden offers a robust supply of large-span cable trays through specialized suppliers like Nordic Wire Tray, Ahlsell, Brilltech Engineers, and Cable House, providing customizable, high-quality solutions for industrial and commercial projects.

Key Suppliers and Offerings

Nordic Wire Tray (NWT) provides one of the most extensive ranges of wire trays in Sweden, including large-span solutions with the longest support bracket spacing on the market. Their X-Tray system is designed for demanding environments, offering flexibility, easy installation, and customization to project-specific requirements. Trays can be cut, bent, and shaped to fit unique installations, reducing the number of fasteners and installation time, and are available in various surface treatments for durability.

Ahlsell supplies cable ladders and trays suitable for industrial, commercial, and institutional applications. Their products include hot-dip galvanized ladders with perforated or oval-pressed rungs, available in lengths of 3 to 6 meters, designed for high strength and torsional rigidity. These trays are suitable for environments such as chemical plants, coastal areas, and shipyards, ensuring long-term durability and safety.

Brilltech Engineers offers durable cable trays in galvanized steel, stainless steel, and fiberglass. Their trays are designed to protect cables from physical damage, dust, and environmental hazards while promoting airflow to prevent overheating. They provide installation support, system design assistance, and a variety of sizes and styles to accommodate both small and large projects.

Cable House is another prominent supplier, providing a comprehensive range of cable trays manufactured with high-quality materials and advanced technology. Their products are designed for reliability, long operating life, and compliance with industry standards. They also offer competitive pricing and glo...
