

Three-year warranty for edge data center IP54

Overview

The Vertiv product is warranted to be free of defects in material and workmanship for a period of three (3) years from date of product purchase, but in no case to exceed thirty months (30) from date of shipment of the product by Vertiv. With drivers of technology such as Industry 4.0 and the Internet of Things (IoT) not only is the amount of data increasing, so is the demand for quickly available computing capacity close to the source of the data. Scalable infrastructure for the rapid construction of Edge data centres. Both must be guaranteed at all times. To keep up with the fast pace in the market, and to meet demands for efficiency businesses. No original packaging, no original receipt, no warranty. The box/es and item/s for warranty claiming must bear the same serial number.
