

Tunisian Electrical Distribution Box Customization Factory

AI Overview

Several Tunisian companies specialize in customizable electrical distribution boxes, offering tailored solutions for industrial, commercial, and residential applications. Key Manufacturers and Suppliers

- SERTE Tunisia** SERTE is a leading Tunisian company specializing in low-voltage electrical cabinets, switchboards, and distribution boxes. They offer a wide range of portable electrical distribution boxes that can be customized in size, configuration, and color according to customer requirements. Their expertise includes design, wiring, and integration of home automation and industrial automation systems, making them suitable for both commercial and industrial projects.
- ELECSA Tunisia** ELECSA is recognized for high-quality electrical equipment and distribution solutions. They provide a variety of electrical cabinets and distribution boxes, emphasizing reliability and compliance with industry standards. ELECSA focuses on both construction and industrial sectors, offering technical support and tailored solutions for complex electrical installations.
- Golda Electric** Golda Electric has over 20 years of experience in low-voltage and medium-voltage installations. They supply a wide range of electrical distribution boxes and related equipment, supporting clients from project design to implementation and maintenance. Their products are suitable for critical facilities such as hospitals, data centers, and industrial plants, with options for customization to meet specific project needs.
- SOTECA Electric** Part of the HAKIM Group, SOTECA Electric manufactures various types of electrical boxes, including waterproof and industrial-grade cabinets. They provide solutions for both standard and customized requirements, ensuring durability and compliance with safety standards.
- FLUIDES SERVICES INDUSTRIE** This company offers portable electrical distribution boxes with customizable sizes a...
