

UAE Trough-type cable tray elbow

AI Overview

Trough-type cable tray elbows are widely available in the UAE from multiple suppliers, designed to provide smooth directional changes in cable routing for industrial and commercial installations. Overview Trough-type cable trays are designed with a solid or ventilated bottom and sidewalls to support and protect cables while allowing airflow and easy maintenance. Elbows are essential accessories that enable the tray system to change direction—typically at 45° or 90° angles—without compromising cable integrity or load capacity. These elbows are compatible with straight trough sections and are available in various materials such as hot-dip galvanized steel, stainless steel, and powder-coated finishes to suit different environmental conditions. .Key Features Material Options: Mild steel (MS) with hot-dip galvanization, stainless steel, or powder-coated steel for corrosion resistance .Load Capacity: Designed for light, medium, and heavy-duty applications depending on cable weight and span requirements .Standard Sizes: Typically available in 3-meter straight sections with elbows manufactured to match the tray width and height .Compliance: Many suppliers adhere to international standards such as BS 4678 and ISO 9001 for quality and safety .Accessories: Elbows are often supplied with splice plates, covers, and support brackets to ensure structural integrity and secure installation .Suppliers in the UAE Emerald Steel Industries LLC (Ajman) – Offers hot-dip galvanized trough trays and elbows with engineering support, AutoCAD and PDMS design assistance, and a range of duty ratings .Unigroup (Dubai, Abu Dhabi, Sharjah) – Provides high-performance cable trays and elbows with corrosion and fire resistance, suitable for commercial and industrial applications .BonnGulf (Dubai) – Supplies a wide selection of trough trays and elbows, including ventilated designs for cooling and cable protection, along with comprehensive accessories .West Port Cable Tray – Offers tailored solutions for heavy-duty applications, including trough-type el...
