

Well-known Micro-module Data Center Manufacturer

AI Overview

Leading manufacturers of micro module data centers include Schneider Electric, Delta Electronics, and Jiangsu Datangweishi Technology, offering compact, integrated, and scalable solutions for edge and industrial IT deployments.

Key Manufacturers and Offerings

- Schneider Electric – EcoStruxure Micro Data Centers**
Schneider Electric provides EcoStruxure Micro Data Centers, designed for Industry 4.0 and edge computing applications. These units integrate power, cooling, security, and management in a single enclosure, supporting IT/OT convergence on factory floors or harsh indoor environments. They offer NEMA and IP-rated sealed models, and configurations compatible with Cisco HyperFlex, Dell EMC VxRail, HPE SimpliVity, and Scale HC3 Hyperconverge systems. The solution emphasizes rapid deployment, reliability, and predictive management through EcoStruxure IT Expert monitoring tools.
- Delta Electronics – Delta InfraSuite**
Delta's InfraSuite is a highly integrated modular data center solution that uses racks as carriers and fully integrates UPS, cooling, power distribution, fire control, airflow management, and intelligent monitoring. It is suitable for micro data centers under 50 square meters or IT loads under 20kVA, making it ideal for regional or small business IT applications. Delta emphasizes high availability, flexible N/N+1/2N configurations, and rapid deployment in limited spaces.
- Jiangsu Datangweishi Technology Co., Ltd.**
This Chinese manufacturer specializes in integrated modular computer rooms, network server cabinets, PDU cabinet sockets, KVM switches, and shielded cabinets. Datangweishi has extensive experience in system integration for large-scale projects, including telecom operators and public infrastructure. Their products are ISO 9001 certified and comply with CCC, CE, FC, and RoHS standards, ensuring quality and reliability for m...

Top 7 Modular Data Center Manufacturers 2026

The modular data center is highly scalable and flexible. Some of the top manufacturers of modular data centers include HPE, IBM, Eaton, Schneider Electric, Huawei, Dell, Vertiv, and others.

Top 7 Modular Data Center Companies: VMR Analyst Evaluation

Explore the Modular Data Center market leaders. Our Senior Analysts evaluate Schneider, Vertiv, and Huawei based on PUE efficiency, CAGR, and Edge AI scalability.

Top 10 Containerized Data Center Companies in the World

Explore the top 10 containerized data center companies worldwide, offering innovative solutions for efficient, scalable, and secure data storage and

Top 10 Modular Data Centre Companies (2025)

Top 10 Modular Data Centre Companies (2025) Who leads them, what makes them tick — and who's about to blow the market wide open? 1.

Top Companies List of Modular Data Center Industry

The research insight on Modular Data Center industry highlights the prominent players in the market. Get known & unknown adjacencies impacting the market for Modular Data Center.

Top 26 Modular Data Center Construction Companies

Want to Find More Modular Data Center Construction Companies? If you want to find more companies that offer innovative solutions like prefabricated structures and cooling systems you can do so with

Your Sustainability Transformation Partner | Fujitsu Global

Our purpose: Make the world more sustainable by building trust in society through innovation.

Modular Data Centers: Prefabricated Containers and

Modular data centers are prefabricated buildings such as a container that house servers, data hall, or data center module for power and cooling.
