

What are the accessories for cable tray supports and brackets

AI Overview

Cable tray brackets and accessories are essential components that support, secure, and protect cables, ensuring safe, efficient, and durable cable management systems. Overview of Cable Tray Accessories Cable tray accessories include supports, brackets, hangers, covers, clamps, dividers, and connectors that enhance the functionality and safety of cable tray systems. They are used to: Maintain proper cable routing and organization Protect cables from environmental factors like dust, moisture, and mechanical damage Reduce electromagnetic interference by separating power and data cables Ensure compliance with safety standards and improve system longevity

Types of Brackets and Hangers

- Stand-Off Brackets:** Mount cable trays or baskets with a specific clearance from walls or surfaces, available in sizes from 50mm to 300mm.
- G Hanger Support Brackets:** Provide overhead support for cable trays, trunking, or baskets, commonly in 100mm and 150mm sizes.
- Trapeze Support Brackets:** Pre-assembled for quick installation, offering robust support for various tray widths and drop lengths, such as 100mm and 150mm widths with 500mm drops.
- Wall-Mounted Supports:** Brackets for horizontal or vertical wall installation, ensuring stability and easy maintenance.
- Ceiling Suspension Rods and Frames:** Threaded rods and frames connect trays to ceilings, often used with expansion nuts for secure fixation.

Other Key Accessories

- Covers:** Protect cables from dust, moisture, and harsh conditions, especially outdoors.
- Clamps and Hold-Down Devices:** Secure cables within trays to prevent movement due to vibration.
- Couplers, Tees, and Reducers:** Connect different tray sections and allow directional changes.
- Dividers:** Separate power and data cables to reduce interference.
- Grounding Components:** Conductors and washers ensure safe grounding, prevent static, and enhance electrical conductivity.
