

Galvanized cable trays are priced between ₹74 and ₹95 per meter in India, with variations depending on supplier, type, and coating.

Price Overview

Ajay Electric & Metal Industries: Starting at ₹74 per meter

Super Cable Tray Private Limited: Starting at ₹80 per meter

JP Electrical And Controls: Starting at ₹95 per meter

These prices are for hot-dip galvanized or GI steel cable trays, commonly used in industrial and commercial electrical installations. Prices may vary based on tray type (ladder, ventilated trough, or solid bottom), width, and thickness.

Types and Specifications

Hot-Dip Galvanized Ladder Type: Standard length 2.4 meters, suitable for heavy-duty installations

Through Type with Cover: Available in GI, HDG, Zinc-Aluminium, epoxy-coated, aluminum, and stainless steel variants

Ventilated Trough: Offers mechanical strength and corrosion resistance, often powder-coated or galvanized for durability

Factors Affecting Price

Material: Stainless steel trays are more expensive than galvanized steel; aluminum is lightweight but may cost more if coated

Surface Finish: Hot-dip galvanization or powder coating increases corrosion resistance and price

Supplier and Location: Prices vary by manufacturer, distribution costs, and regional demand

Order Volume: Bulk orders may reduce per-meter cost, while small trial orders may incur additional fees

Additional Notes

For industrial projects, galvanized trays are preferred for durability and rust resistance. Buyers can contact suppliers directly for bulk pricing, delivery options, and custom sizes. Some suppliers provide CE-certified trays suitable for international standards . This pricing information provides a practical guide for budgeting and sourcing galvanized cable trays for both small-scale and large-scale electrical installations.
