

Where in the EU can I buy a network server rack

AI Overview

You can purchase network server racks across Europe from suppliers like RackSolutions, EDP Europe, FS Europe, StarTech.com Europe, and Servermall, offering both standard and customized options with EU-wide delivery. Key European Suppliers

RackSolutions offers a wide range of server racks and cabinets suitable for home, office, or data center use. Their racks vary in height from 1U to 90U, with customizable depth and width to fit your equipment, and they provide guidance on U space and airflow management for optimal performance (RackSolutions.eu) .

EDP Europe supplies server and communications enclosures with various widths, depths, and heights. They also provide specialized solutions such as chimney racks, multi-compartment co-location enclosures, and soundproof cabinets, ideal for edge computing or high-density setups (EDPEurope.com) .

FS Europe offers a portfolio of server racks and cabinets designed for secure and complete infrastructure solutions, catering to both small-scale and enterprise environments (FS.com) .

StarTech.com Europe provides durable server racks and accessories, including wall-mount and small form factor options, as well as full-sized heavy-duty cabinets. They focus on stability and protection for network and AV equipment (StarTech.com) .

Servermall specializes in both new and refurbished server equipment, including racks, servers, storage, and networking platforms. They offer EU-wide delivery, custom configurations, and after-sales support, making them suitable for private cloud, AI/ML, and data-intensive workloads (Servermall.com) .

Considerations When Buying

Size and U Space: Determine the height (U units) and depth required for your equipment. Standard widths are typically 19 or 23 inches.

Customization: Some suppliers offer modular or specialized racks for soundproofing, edge computing, or...
