

Which brand is GW fiber optic patch cord

Overview

Company Introduction: Shenzhen Gonnawin Technology Co. (since 2004), is a professional manufacturer that specialized in producing digital camera accessory, computer accessory and electronic appliances. CommScope CommScope is a global leader in networking solutions, particularly known for its high-quality fiber optic products. With a history. The fiber optic patch cable must, therefore, be carefully considered. Choosing the right cable thus boils down to educating oneself about fiber optic patch cable. A fiber optic patch cable (also called a fiber jumper or fiber patch cord) is a section of optical fiber cable with connector terminations on both ends, designed for flexible, short-distance interconnections within an optical network. Unlike backbone trunk cables—which are typically multi-fiber. What are quality brands of off-the-shelf fiber patch cables?

I see a lot of TrippLite, C2G, Axiom, and AddOn from most major online outlets. Are these any good or one brand better then the other?

Would I be better off with fs. com?

I could get 3-4x as many cables from fs.
